

Functionality and quality combined.

The reliable window regulators from Metzger Autoteile.

Discover our extensive world of window regulators. Whether with or without motor, with or without base carrier, electronic or manual crank operation - we have the right solution.

While our motorized window regulators enable an effortless operation through powerful motors and precise mechanics, we also offer a wide range of high-quality manual window regulators.

Rely on our many years of experience and our comprehensive selection of products. Visit our website for more information about our diverse product range.
