Metzger
AUTOTEILE

Quality Heat Shields for Professional Injector Installation.

Always at hand. The comprehensive 180-piece assortment by Metzger Autoteile.

Quality heat shields ensure reliable sealing and effective thermal insulation of the injector nozzle. This provides dependable protection against excessive heat exposure and resulting damage.

The heat shield assortment from Metzger Autoteile includes the most common injector heat shields (OE parts), retaining springs, and sealing caps.

Designed to reduce vehicle downtime and increase efficiency in daily workshop operations.

150 Heat Shields
in 15 variants, 10 pieces each

Art. No. 0873199

- 180 pieces
- robust box
- refillable
