

YOUR FIRST PLACE TO LOOK.

Metzger
AUTOTEILE

Compatible with all control unit manufacturers:

OEM quality glow plug H70 011 made by HIDRIA.

High-quality glow plugs ensure efficient starting and stable operation of diesel engines, even at the lowest temperatures, while contributing to reduced pollutant emissions.

With our extensive range of HIDRIA glow plugs, we achieve a market coverage of over 90%.

Now available from Metzger Autoteile: the glow plug H70 011 replaces H70 009 and is compatible with the control units of all manufacturers.
